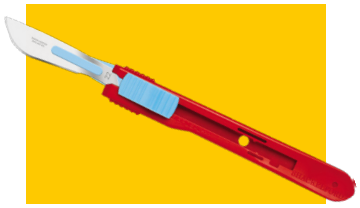
EAST ANGLIAN AIR AMBULANCE EQUIPMENT COSTS

East Anglian Air Ambulance

Elastoplast Tape

£1.15

Versatile medical tape often used in PHEM and first aid, for supporting joints, managing minor injuries, and securing both dressings and paediatric endotracheal tubes (airway).



Retractable Scalpel

£1.68

Sterile blade used to perform surgical procedures. Intended for tissue separation, and other procedures that require a sharp surgical blade to puncture or cut.

Surgical Scissors

£3.15

Single-use scissors used to cut and dissect tough tissue, or cut sutures. Manufactured from medical-grade surgical stainless steel. Supplied in an easy-to-open, sterile pack.

Blizzard Heat Blanket

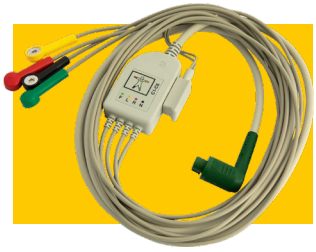
£30.50

These help to prevent heat loss in seriously injured and unwell patients, as hypothermia can have a detrimental effect on trauma patients in particular.

Celox Gauze

£36.95

Celox Gauze is a hemostatic agent designed to rapidly stop life-threatening, severe, and arterial bleeding. It uses a special clotting agent to speed up bleeding control.



Four Lead ECG Cable

£149

A replacement cable for the Zoll Monitor, which allows defibrillation of patients in cardiac arrest, and on-going multi-modality monitoring of critically ill or injured patients.
